1957

KENNEDALE HIGH SCHOOL

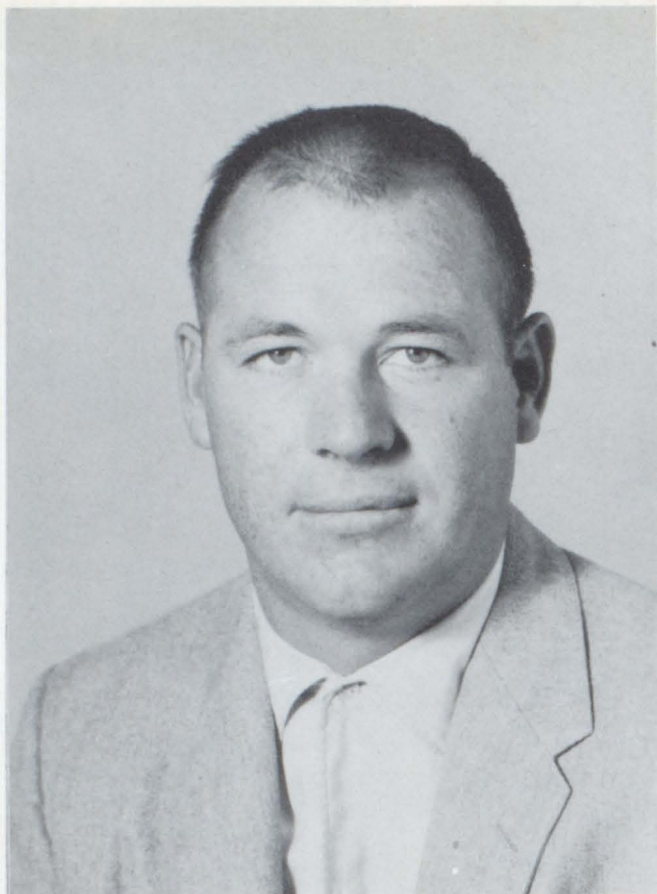

Kennedale. Texas

This yearbook has been edited so as to serve as a book of memories. The Kat Staff has tried to highlight the various activities of the year for you on these pages. Here you will find mementos of our football endeavor, our social life, our cheerleaders activities, our assemblies and other special functions. We hope that when school days are long gone, you will look back to your high school years through the pages of this book.

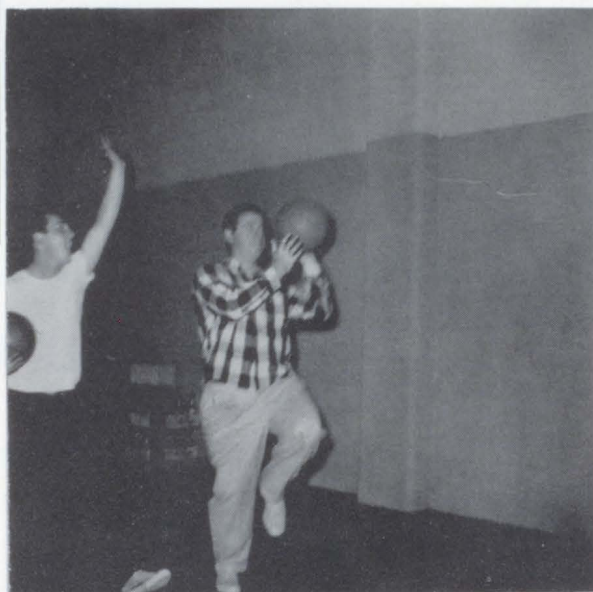

In closing, we would like to thank our advisors and everyone who helped to make our school year the success it was. Lastly, we congratulate the Senior Class and wish for them the "Best of Luck" always. Finally, we leave this, the 1956-57 KAT to you, Kennedale High School students, and all the memories it holds.

DEDI

The Annual Staff of 1956-57 dedicates
this edition of THE KAT with admiration and
devotion to MISS JANIE SHEPPARD and

Mr. Hughes attended North Texas State College and then began teaching at Paschal High School. He has been at Kennedale for two years and is principal of our high school. He is, also, coach of football and basketball.

CATION

MR. GRIFF HUGHES for their wonderful guidance and excellant coaching.

Miss Sheppard entered the Marines in 1943. She later attended T.C.U. She began teaching here in 1951. She now teaches the sixth and seventh grades and is the coach of girls basketball.

Superintendent's Message

I count it an honor to be the Superintendent of Kennedale High School in an era of United States History when free education is so important to the youth of our community and in preserving a free democracy.

The complex community in which we live today demands of its youth more than the same community did a decade ago. A high school education is a minimum for youth today if we maintain a free democracy that is alert and prepared to accept the challenges of a complex society. I would therefore encourage the student body of Kennedale High School to pursue their education until finished with high school so you can be prepared to take your place of leadership in a world of problems and complexities.

May I wish our graduating seniors much success with the assurance that the keen eye of interest for your success goes with you from the faculty.

Principal's Message

In this first year of a complete four year high school in Kennedale we have begun to lay a firm foundation for a successful high school. In the years to come let us continue to build an even stronger foundation that will help our school go forward in the field of education.

Our school must serve as an inspiration to each boy and girl, an inspiration to better himself. Let us set our goals high and work hard to reach them.

The senior class has had bestowed upon it a high honor, the honor of being the first graduating class of Kennedale. This class, a class of only eight, is small in number but large in ambition, studies and the readiness to serve in their jobs, in the homes, in the work-a-day world, and in the service of their country.

The seniors of 1956-57 will long be remembered and envied for the honor bestowed upon them. As we, the graduates, leave our beloved Alma Mater we hope to carry with us your wish of luck and success in all we attempt to do.

Class Will

I, Billie Cappers, will my quiet ways and my love for books to Obbie Winsett and Philip Miller.

I, Jerry Cooper, will my scholastic and athletic ability to Buddy Savage and I might add a little energy to get you to and from each class.

I, Kenneth Daughtery, will my love for Lynda Roberts to Royce Brewer and Gilbert Gray.

I, Arnold Hennesay, will my ability to skip study hall every day to Pauline Fenoglio and Lucy Wyatt.

While I, William Kirkpatrick, will my ability to be named the most intelligent boy in school and my ability to be liked by everyone to Donald and Charles Randall.

I, Jo Anne Ledbetter, will my ability to be Art Editor of the Annual Staff and my famous laughter to Susan Hughes and Sandra Creach.

I, Patsy Pearce, will my ability to fuss back at the teachers and get by with it to Wilda Albright and Gaye Preston.

I, Bobbie Tounsend, will my ability to hold a steady job and my daily attendance to Glynn Roberts and Arlie Stanley.

We, the Senior Class, will the teachers love for us to the Juniors and thus pass on to hope the sophomores graduate before you. We then will our old worn-out teachers, gum, carved on desks and nicknames to the freshman class with the hope that they continue our jobs as school wreckers.

Class Prophecy

You'd be surprised, almost as much as I to see Billie Cappers in a loud colored convertible filled with giggling girls. Trying hard to cross the street was Jerry Cooper now a famous football player and still playing the field with the girls. While lo and behold there comes in sight Kenneth Daugherty. He was well known by everyone as Elvis the second. Then next to appear was Arnold Hennesay a shop teacher at Kennedale, of course. Then was I to see Speedy Kirkpatrick looking as cute as could be, he was now manager of his own basketball team. Not far behind grinning happily as could be was Jo Anne Ledbetter carrying junior—she finally hooked her man. Then as I passed the First Baptist Church who was I to see but Patsy Pearce still an old maid, she had been jilted at the altar. And who am I? you say, why the owner of the world-known tree nursery, Bobbie Townsend.

Bookkeeping

These are troubled times which require clear, decisive, masterly thinking if one is to emerge successful and happy in all the confusion around us. To be able to think logically and clearly is an attribute which this nation and the world at large values in their inhabitants.

We, the junior class, have tried to master the problems involved in constructive thinking. And with this we wish the graduating class the very best toward future successes and accomplishments.

Homecoming Activities

The day of our Homecoming Game was a busy one. The candidates for Homecoming Queen and the winner, Dorothy Burch, were presented to the student body during assembly. The coronation took place the night of the game during half time. The game was followed by a dance honoring the Homecoming Queen and the ex-students of Kennedale.

Football Team

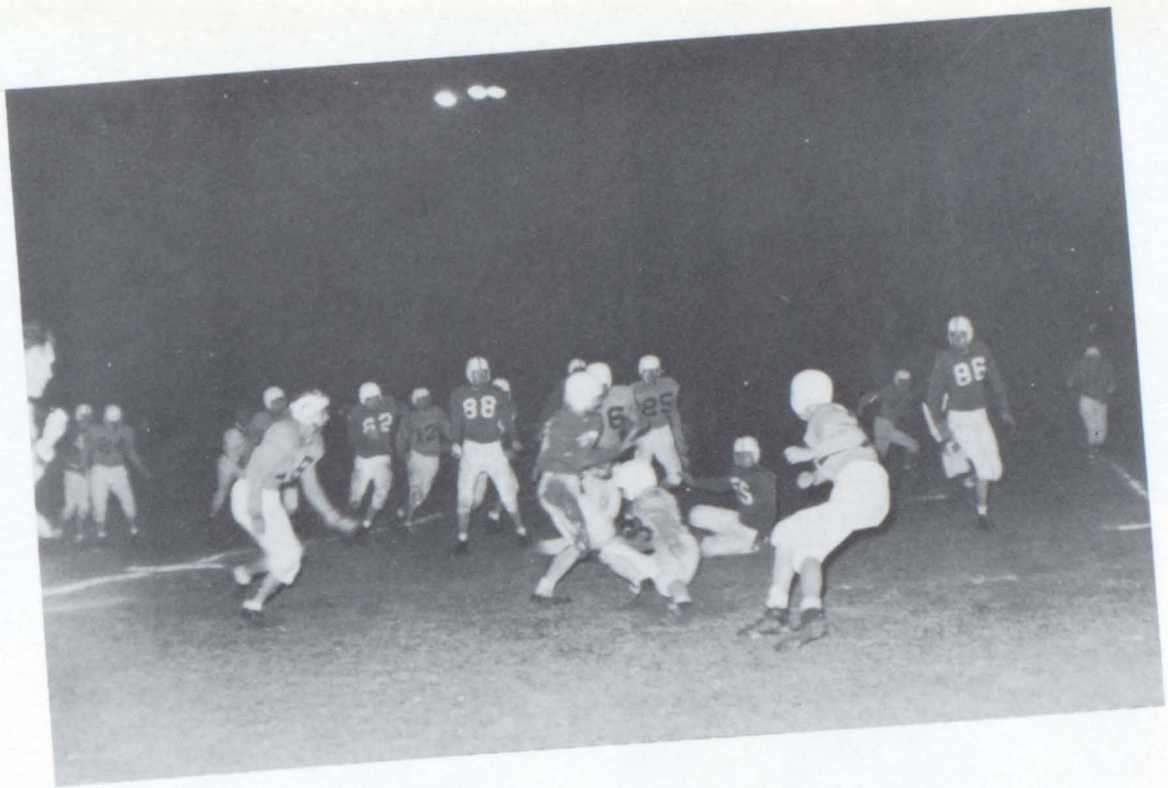

The Kats of 1956-57 played for the first time in the conference. The team, under the expert coaching ability of Griff Hughes, won 4 out of their 10 games.

The boys did exceptionally well, considering the fact that this was the first year Kennedale has had a four grade high school.

Captains, Jerry Cooper and Arlie Stanley, had the honor of crowning the Homecoming Queen, Dorothy Burch, when Kennedale met Alvord at Kennedale. This brought to a close the season of the Kats. The Kats attributed their success to their coach, to the individual players of the team, and to the spirit of the students and fans behind them.

The 1956-57 boys' basketball team, led by captain Speedy Kirkpatrick, entered the conference shorthanded but full of spirit and enthusiasm. Although the team only won one conference game, they showed great promise of making a good showing next year.

Charles Knotts, our 6 foot 5 inch forward, was awarded an individual all-tournament trophy.

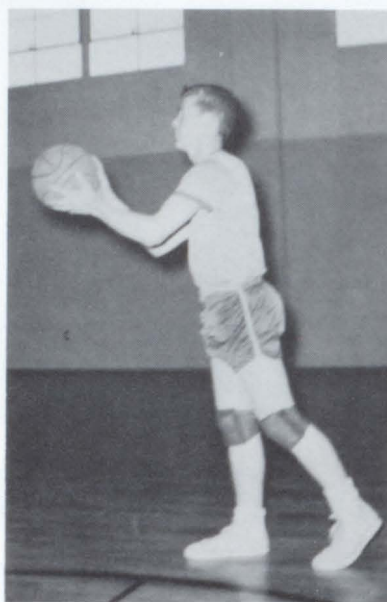

Speedy is the only player that the team is losing by graduation.

The 1956-57 Girls' Basketball Team was made up of much anticipation and spirit. Although the girls only won three conference games, they showed very good standing in the invitational tournaments that they played.

The team won two trophies this year. Captains Wilda Albright and Frankie Pulliam both received all-tournament individual trophies, when the team entered the Boyd Tournament.

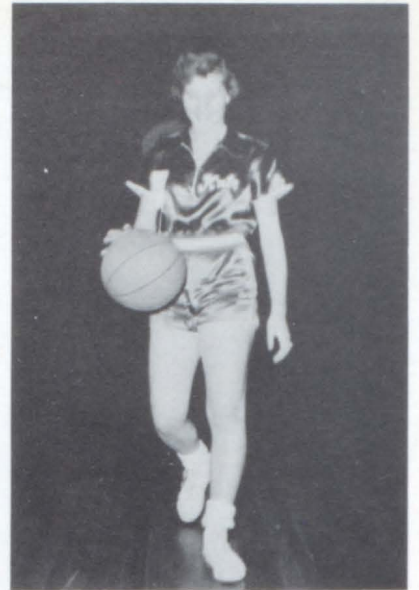

Only two main string girls, Patsy Pearce and Joann Ledbetter, will be lost through graduation. Next year's prospects look very promising.

Your future is bright...ELECTRICALLY!

Your air conditioner, TV set and other appliances are just the beginning of a new electrical age.

Before long, your food will cook in seconds instead of hours. Electricity will close your windows at the first drop of rain. Lamps will cut on and off automatically to fit the lighting needs of your rooms. Television "screens" will hang on walls. An electric heat pump will use outside air to cool your home in summer, heat it in winter.

And there will be plenty of electricity to operate these electrical wonders of tomorrow. Business-managed electric companies, like Texas Electric Service Company, are constantly planning and building ahead to keep your electric service plentiful and dependable . . . ready when needed for progress and for better living!

Man, am I ever tired! This is the completion of one project I will never again participate in. Everybody or anybody who cares the least can have this forsaken annual and go straight to the sponsor with their complaints and definitely not me.

What I've been through no other human being could survive; worry, rushes, dead lines to meet, wrong size, wrong pictures, lost articles, overdue payments, and among other things my lost mind. Up early, home late, failing grades, and all because of this Sam Hill annual.

Never again!!

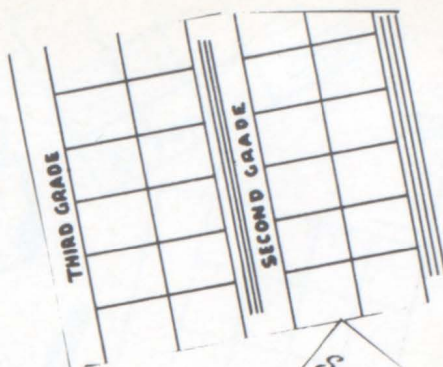

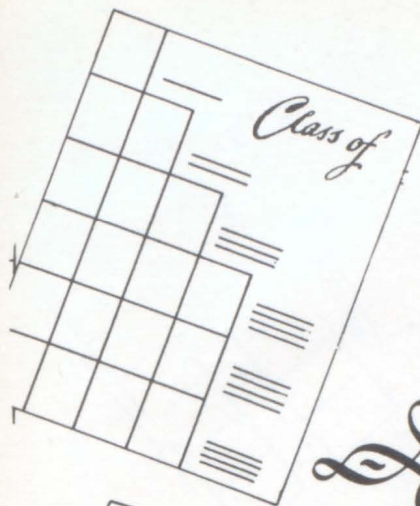

You know now that it is finally over with and out, I can hardly wait to start on next year's annual.

I sincerely hope you enjoy this year's edition of the Kat as much as I enjoyed constructing it for you.

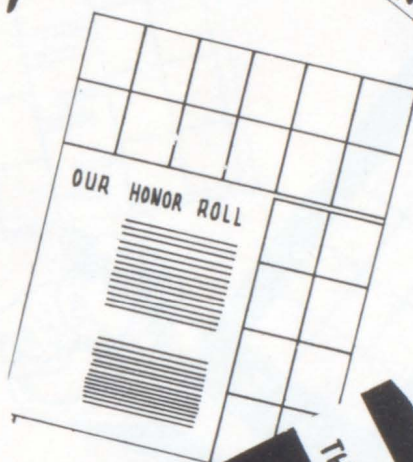

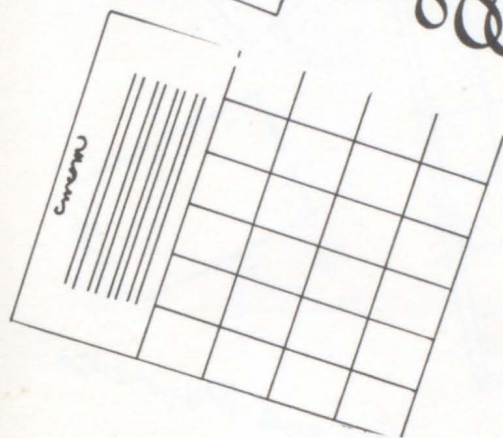

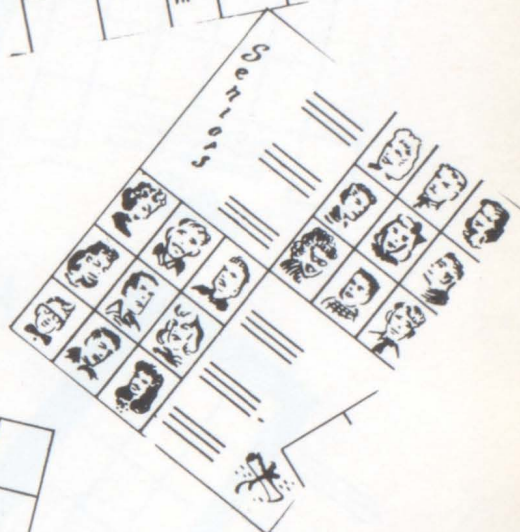

Yours very truly,
